Essay and Objective

[100 marks]

Write your **name** *and* **index number** *in* **ink** *in the spaces provided above and complete the title block on the* **A3** *drawing sheet(s) provided.*

This booklet consists of two papers: Paper **2** *and Paper* **1.**

Paper **2** *is in* **two** *parts:* **A** *and* **B.** *Answer* **four** *questions only:*
Question **1** *and* **any** *other one in Part* **A;**
Question **4** *and* **any** *other one in Part* **B.**

Academicprep.com
Learn • Practice • Excel

Answer **Part A** *of Paper* **2** *in this booklet and answer Part* **B** *on the* **A3** *drawing sheet(s) provided. Both sides of the* **A3** *drawing sheet(s) may be used. All diagrams or drawings should be in* **pencil.** *Any other answer should be written in ink.* **All** *dimensions are in millimetres.*

Any candidate who tears off any part of this question paper will be **severely** *penalized.*

Paper **2** *will last* **1** hour **20** minutes.
Part **B** will last 40 minutes after which the drawing sheets will be collected;
Part **A** will last 40 minutes after which candidates will be asked to move on to Paper **1.**

Answer Paper **1** *on your Objective Test answer sheet.*

Do not start Paper **1** *until you are told to do so. Paper* **1** *will last* **50** *minutes.*

figure 3.

(i) Outline **one** action **each** needed in *measuring* and *assembling* parts of the bin.
(ii) List **two** tools needed in *measuring* and *assembling* parts of the bin.
(iii) List **two** suitable *finishing* operations you would apply to the bin.

[6 marks]

(b) Describe briefly how to mix the following finishes before applying them:
(i) Emulsion Paint;
(ii) Lacquer;
(iii) Oil Paint.

[3 marks]

(c) Make a labelled sketch of the following tools and provide **one** use each:
(i) brick hammer;
(ii) odd leg caliper;

[6 marks]

END OF ESSAY TEST

CamScanner

Answer **all** *the questions.*
Each question is followed by **four** *options lettered* **A** *to* **D.** *Find the correct option for* **each** *question and shade* **in pencil** *on your answer sheet the answer space which bears the same letter as the option you have chosen. Give only* **one** *answer to* **each** *question. An example is given below.*

The first step to be taken when checking a socket outlet for a fault is to
A. switch off power at the main switch.
B. open the socket outlet.
C. test the socket outlet.
D. remove the main fuse.

The correct answer is switch off power at the mains switch *which is lettered* **A** *and therefore answer space* **A** *would be shaded.*

Think carefully before you shade the answer spaces; erase completely any answer you wish to change.
Do all rough work on this question paper.
Now answer the following questions

1. One way to ensure food hygiene is to
A. use the same chopping board for everything.
B. leave cooked fish uncovered.
C. wash hands well before cooking.
D. taste stews with different spoons.

2. An athlete needs socks that will wick away moisture and keep the feet dry. The most appropriate fabric to use is
A. cotton.
B. wool.
C. polyester.
D. acrylic.

3. A mother wants to make a warm and comfortable blanket for her child. Which fabric is the best choice?
A. Nylon
B. Linen
C. Silk
D. Fleece

4. Which of the following would be the best tool for marking the desired height on a cake before cutting?
A. Pencil
B. Knife
C. Toothpick
D. Piping bag

5. When sharpening a fabric marker, the sewing instructor should
A. use a pencil sharpener
B. avoid sharpening it
C. use a utility knife
D. use fine grit sandpaper.

6. In a food laboratory, a chef Doreen needs to shape marzipan into intricate flower designs. What technique should she use?
A. Rolling pin and cookie cutters
B. Fondant tools and molds
C. Knife and fork
D. Food processor

7. Which of the following is not a factor to consider when choosing a method for arranging fullness in sewing?
A. Fabric type
B. Garment style
C. Sewer's skill level
D. Garment colour

8. A fashion designer is making a dress with a fitted waist. What method of arranging fullness would be suitable for this project?
A. Darts
B. Tucks
C. Gathering
D. Shirring

9. Which of the following stitches is typically used for hemming fabric?
A. Running stitch
B. Backstitch
C. Slip stitch
D. Cross stitch

10. One plant source of body-building foods is
A. Pork.
B. Quinoa.
C. Chicken breast.
D. Beef.

CamScanner

11. Which of the following statements is not a reason for using edge finishes for making a dress?
A. It helps prevent fraying of the fabric.
B. It makes the garment fit well.
C. It adds strength to the garment.
D. It gives a polished look to the garment.

12. Linda is performing a technique that distributes extra fabric evenly within a garment. Her aim is to
A. increase garment size and length.
B. loosen extra fabric.
C. create shape or decorative effects.
D. add hemming stitches

A. Nutrition needs of members
B. Kitchen essentials available
C. Family budget
D. Colour of the kitchen

14. An essential knife in the kitchen is the
A. fillet knife.
B. bread knife.
C. chef's knife.
D. boning knife.

15. Which of the following factors is not a labour-saving kitchen essential?
A. blender
B. spatula
C. fruit squeezer
D. microwave

16. An animal source of energy-giving food is
A. brown rice.
B. avocado.
C. whole wheat bread.
D. bacon.

17. Which of the following cooking methods involves the double boiler?
A. Steaming
B. Sautéing
C. Frying
D. Roasting

18. One binding technique in sewing is
A. seam.
B. overcast.
C. fullness.
D. stitch.

19. Extra food items added to a meal to enhance its taste or appearance are called
A. seasoning.
B. spices.
C. garnishes.
D. ingredients.

20. Ewurama is neatening an open seam on a denim skirt. The tool she is using is
A. seam ripper
B. embroidery scissors
C. pinking shears
D. thread clipper

21. Which of the following tools is used for removing deeper clogs in pipes?
A. Adjustable wrench
B. Plunger
C. Thread sealing tape
D. Drain snake

22. In making a wooden chair, what material is needed to prepare the surface to receive the final finish?
A. Abrasive
B. Adhesive
C. Aggregate
D. Turpentine

23. Structural failure in construction occurs when a structure is not able to
A. last a lifetime.
B. support load.
C. resist pressure.
D. maintain elasticity.

24. In orthographic projection, the front and the end elevations are aligned
A. horizontally.
B. diagonally.
C. vertically.
D. perpendicularly.

25. Victor wants to shape a piece of metal into a dome. The technique to apply is
A. bending with pliers.
B. hammering over a form.
C. melting and pouring.
D. cutting with snip.

26. Glass products with color- changing properties are
A. photochromic.
B. hydromantic.
C. photochromatic.
D. photoelectric.

30. Materials that appear to have a "memory" and revert to their original state are
   A. compliant materials.
   B. smart materials.
   C. modern materials.
   D. resistant materials.

31. It is mandatory for anyone setting up a business enterprise in Ghana to have a
   A. birth certificate.
   B. driver's license.
   C. Tax Identification Number.
   D. NHIS card.

Banor installs pipes that carry water, gas, or drainage in buildings.

Use the above information to answer question 32 *and* 33.

32. What career is described by Banor's job?
   A. Plumber
   B. Technician
   C. Estate developer
   D. Building engineer

33. The set of tools used in Banor's job are
   A. shovel & head pan.
   B. scriber & paintbrush.
   C. compass & straight rule.
   D. wrench & hacksaw.

34. To prolong the life span of building tools,
   A. use tools frequently.
   B. clean the tools always.
   C. buy two and alternate use.
   D. never use tools outdoors.

35. Mensah needs some fasteners for a quick job. Select one of the following for him.
   A. Glue, paint, polish, roller
   B. Bolts and nuts, rivets, screws
   C. Saw, nails, clamp, chisels
   D. Padlock, hammer, pliers

36. Using flux when soldering is done to
   A. allow for easy soldering.
   B. prevent loss of heat.
   C. protect the workpiece.
   D. prevent new oxides.

37. Which of the following is a photochromic pigment material?
   A. Medicated spectacle
   B. Fibre glass
   C. Tinted car door
   D. Louvre blades

38. Takyi wishes to set up a business. Which of the following is **not** a factor to consider?
   A. End of work benefit
   B. Market niche
   C. Per capita income
   D. Bank lending rate

39. Which of the following materials does **not** have improved properties?
   A. Titanium
   B. Modified starch
   C. Metal foam
   D. Wawa board

40. Clamping workpieces together when gluing is to ensure that
   A. the glue is evenly spread.
   B. workpieces are firmly pressed together.
   C. the glue dries rapidly.
   D. worker is safe from injury.
